Tiago Justo

FRONT END DEVELOPER

ABOUT

I work since I was 18 years old in a lot of areas that lead me to stagnation and no self-fulfillment. In February 2022 I started a Web and Mobile Development course that I concluded in October of the same year. Since then, I have had an internship where I learned React js and Next js. I became passionate about Web Development and I am seeking a professional challenge, in this area, with focus, determination and resilience.

EXPERIENCE

Front End Developer Trainee

MERKLE DACH

JULY 2022 - OCTOBER 2022

- Development of a Blog for the company Front End team in React js.
- Conversion of the React Blog to a dynamic Blog built in Next js, using mdx files.
